CROWES HAD OUT-SIDE ASSISTANCE

Jim Johnson, the colored man who has been in the Ohio county jail for the past several weeks for breaking into the genseng garden of Mr. F. He says that they were from the time he was placed in jail until they made Itheir escape suspicious of him and refused to talk in his presence except when they thought he was asleep. A few days after he was placed in the jail he heard them inquire of Ball Duke who is also in jail, if the ne- Pool Wool to the Amount of 9,203 gro was asleep and Bill to assure himself went to the negro's cell and called to him. He feigned to be asleep and did not answer, whereupon the Crowes at that and subsequent times discussed at length the manner of their escape from jail. He says they had two steel saws when he was placed in jail and the hole cut in the cage was all cut at that time except two bars. These he says were cut the last day or two that the Crowes remained in the outside who he describes from seeing him in the dark several yards factory everywhere. It seems to be a perfect mummy led CHARGE AGAINST rat. It was found about one year ago by Mr. Jim Stewart, a son-in-law of Mr. Sankey, who lives nearby and was incased between two logs in an old barn, which had probably been standing for something like one hundred years,and the rat may have been dead for seventy-five or one hundred years. It is almost as light as a feather and yet is perfect in every detail, including teeth and claws. It was evidently in a grouching position when death overtook it, which makes it very life like in appearance, even the pores of the skin standing out prominent to maked eye. Cases of petrification are not infrequent in this locality, but this is the first mummy representing animal which has ever come to our knowledge in Ohio county This rare curiosity will be on exhibi-Pintle and Sons and who pisedial guil- tion in our office for a week or ten ty of said charge on Tuesday of this days. SHARP DISMISSED.

S. of E. and A. S. of E. Caused His Arrest.

Mr. Sharp was arrested here a few days ago on affidavits sworn to by two of the leading farmers of the Temple Hill section.

The arrest of Mr. Sharp on such a serious charge has caused much comment. However, those who were conversant with conditions did not give the matter any serious consideration. Mr. Sharp gave bond for his appearance and retained attorneys to look after his case.

At the trial here yestreday the attorneys for Mr. Sharp brought out the fact that the warrant was caused by a American Society of Equity and the Farmers Society of Equity. It claimed by Mr. Sharp's friends that the warrant was secured for two reasons: First, to make the American Society of Equity recognize the Farmers' Society of Equity as a competitor, and for the publicity the matter would bring the Farmers' Society.

IS Biggest Man in Frankfort in Size and Is Doing Valiant Service.

Nobody has ever written a "Who's who, and Why," for Frankfort. It seems etrange too, that this has not been done for there is so much good material floating aroung loose for just such a book or series of articles of that kind. There are all the State officials who should be written up and then there are some of the "ex's" made more happy.

Over two hundred thousand pairs now in use.

DESCRIPTION: Madein all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air toescape. We have hundreds of letters from satisficed customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.50 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. Successful School Years Rounded Out.

भाग तात अप Friday evening, 21st inst, closed a ly elaborate and diversified program was rendered without a single hitch with not a minute of disturbance in the big audiences. This confirms in those whom we have learned to know the minds of the general public the already prevalent opinion that W. K. S, has had one of the best school years of its long and successful history. The patrons withone accord are greatly pleased with the results.

The first evening witnessed an opening short play, "The Old Maids". Their quaint costumes, music and impersonations, made an excellent beginning for the long series of surprises. This was followed by a long and heavy play, "The Night Riders". It made a profound impression in every part of the big chapel.

Monday following Miss Woodward had an evening of satisfactory results with the Intermediate department. Tuesday evening Miss Austin with the Preparatory department. Wednesday evening the Primary department, Miss Fielden. Thursday evening the Music department, Mrs. Creal. Each of these were well wor-

Farewell to Friends In Hartford and Ohio County.

It is with mingled feelings of reeries of six evenings. The unusual- gret and joy that we take our departure from Hartford and Ohio county -a feeling of regret that the time has come when we must say good-bye to and to love, and a deep feeling of joy been successful and that we have the the people. To the people all over Ohio county, into whose homes I have so often and so cordially been received and whose generous hospitality have so often shared, I again express my sincere thanks. To them I convey, through the local press, my profound appreciation of their patronage and their confidence in me, shown by placing their sons and daughters under my care and training. I am grateful to members of the Board of Education and to frineds who tried to retain my services in the school. For friends and citizens of Hartford I have a fondness, and shall remember them in future years. And last, to our old students, for whom we have a tender feeling and in whose welfare we shall ever have an abiding interest, Mrs. Gray and I say, good-bye an L. N. GRAY.
